"ART" BELL DEMANDS RECOUNT

Of the Votes Cast at Saturday's Primary Election for County Committeeman.

COMMITTEE MEETS THURSDAY

Evening and Will Grant the Request. The Congressional Convention Delegation.

As stated in yesterday's Intelligencer, the Republican county committee in canvassing the returns of the primary election, discovered that the published returns from Valley Grove precinct in Liberty district, were incorrect in giving the vote of A. S. Bell for county committeeman at 46 instead of 44. The mistake was made in receiving the vote by telephone, and the error was at once discovered when the tally sheet was received. The result was that R. M. Maxwell was re-elected committeeman from Liberty by a majority of one, instead of Bell receiving a majority of one, as published.

It is now learned that Mr. Bell is not content to let the matter rest, and has entered a demand that the vote be recounted. This demand has been acceded to and the recount will take place tomorrow evening. This, of course, will devolve upon the present committee, and not upon the committee that is to be inducted into office Thursday evening.

The new committee on Thursday evening will take up the matter of fixing the time and manner of selecting Ohio county's delegation to the congressional convention. It is said Judge Campbell's friends in this county desire a primary, but it is not yet settled that the judge will contest with Captain Doremus for the delegation. Owing to the expense of a primary, the sentiment in the county committee appears to be for a mass convention, at which the representatives present from the ten districts of the county would separate, each holding their own sub-convention for selection of the delegates to which the district would be entitled on the basis of one delegate for each 100 votes cast for Atkinson in 1896.

"Are you a candidate for mayor?" was asked of ex-Mayor J. R. Butts yesterday afternoon, by an Intelligencer man.

"I am," responded the man from the Fourth ward.

So Councilman Ross T. Chew is to have opposition. The name of Councilman William M. Baird, of the Garden Spot, has been mentioned in this connection, too, and his friends expect to be able to induce him to announce himself in the near future.

A telegram from Phil T. Waters, the colored orator of Kanawha, was received by Circuit Clerk Charles H. Henning, last night, stating that Fayetteville district, in Fayette county, had instructed its eleven delegates to the state

convention for James K. Hall for auditor. If this Hall deluge continues it will be all off but the shouting in the very near future.

The First district delegate convention occurs next Monday at Clarksburg, and the state delegate convention comes on the following day at Fairmont. The same set of delegates will represent Ohio county at both. At Clarksburg two delegates and two alternates will be chosen to vote for President McKinley at Philadelphia, and at the Fairmont convention there are to be selected four delegates-at-large and four alternates. Colonel Morris Horkheimer, of this city, and Captain O'Brien, of Gilmer, are among the leading aspirants for district delegate.

SIX HUNDRED LOTS

Will be Laid Out on the Hill-top at Mozart Park This Spring.

It is learned that the Mozart Park association, to be laid out this spring by the Mozart Park association, on the hill top at Mozart Park, will comprise fully 600 lots. In addition to occupying seventy acres in the park proper, the association has acquired eighty acres above and below the park, which will be used. The lots will be placed on sale about June 1. Already the association has received many applications for lots.

It is expected that about 2,000 men will find employment in upper Newwood when the additions to the Riverside contemplated by the National Tube Company, are completed, meaning an added population of 5,000 or 10,000, and many of these people will want lots in the hill-top addition. Already many applications for lots have been received.

COULDN'T KEEP IT.

Kept It Hid From the Children. "We cannot keep Grape-Nuts food in the house. It goes so fast I have to hide it, because the children love it so. It is just the food I have been looking for ever so long; something that I do not have to stop to prepare and still is nourishing. Wishing you all the success you deserve." Mary T. Margeson, 80 Lincoln St., Wintthrop, Mass.

Grape-Nuts is the most scientifically made food on the market. It is perfectly and completely cooked at the factory and can be served at an instant's notice, either with rich cold cream, or with hot milk if a hot dish is desired. When milk or water are used, a little sugar should be added, but when cold cream is used alone the natural grape sugar, which can be seen glistening on the granules, is sufficiently sweet to satisfy the palate. This grape sugar is not poured over the granules, as some people think, but exudes from the granules in the process of manufacture, when the starch of the grains is changed from starch to grape sugar by the process of manufacture. This, in effect, is the first act of digestion; therefore, Grape-Nuts Food is pre-digested and is most perfectly assimilated by the very weakest stomach.

Made at the pure food factories of the Postum Cereal Co., Ltd., Battle Creek, Mich.

Piano Bargains.

We will offer this week three rare bargains: One Huntington Piano, one Capen Piano, one Keller Bros. Piano; all the above pianos are Mahogany cases used but a short time. If you contemplate buying a piano it will be to your interest to call and see them.

THE DAILY INTELLIGENCER.

What Is Cheapness?

Cheapness is not peculiar to prices; the goods are too often cheaper than the prices. Here we have average prices, above average qualities. Our sales are made up of pocketbook facts; made up of goods that give the largest equivalent to the longest purse, and to the purse that needs lengthening by economy. The "jail" is about the only room in this city we haven't helped to furnish—it's not in our line. We furnish homes for honest folks. Let yours be the next. **WE'LL TRUST YOU.**
